

External Charges for Equipment in the EMRGe Research Center

Effective September 1, 2022

The EMRGe Research Center has various research equipment available to Missouri S&T faculty, staff, students, and the surrounding community.

External users (i.e., users who do not pay via a Missouri S&T MoCode) are charged for supplies, equipment depreciation, and operator salary via a prearranged Non-University Use of University Equipment, Facilities, and Resources Contract.

Reduced rates are available for federally funded sources.

Interested parties should contact:

Joshua M Jones
573-341-6246

EMRGe Research Center External Use Fees

<u>Equipment</u>	<u>Use Fee</u>
WARDJet Waterjet Cutter	\$118.23/hr

NOTE: There may be additional charges for materials, supplies, and indirect costs depending on sample evaluation at the time of service.
